

Maple PTSA Board Meeting 9/8/2020
6-6:30PM

1. Budget: purchasing headphones for students?
2. Fall Events/Fundraising: what is our fundraising focus for the year? Fall Events?
3. Community Meeting: who is interested in being a breakout room facilitator?

President Remarks—Sarah Igawa

Announcements. Headphones were purchased for ELL students but Kimball Elementary were able to get headphones for all students at cost. Hoping the PTSA might be able to help fund this effort if it is determined that headphones for all students would be beneficial. Consider this as option to promote or fund through the PTSA.

Interpretation, a lot of need for this service, volunteer parents are being asked to assist possibly too often, want to make sure they don't burn out. Still trying to determine possible options for interpreter services and associated costs.

Curriculum night—awaiting update on what this structure will be during the event. Christy and/or Daisy were not on hand for the early board meeting to comment. Possibly have PTSA create a video to share instead of talking during the zoom call.

Events and fundraising for fall: What we might consider doing. Ways to celebrate events.

Per Gina Englund (Co-Fundraising facilitator)

Trivia night

Fall into Giving campaign will move ahead as planned. (direct ask) Try to utilize matching with employers to multiply the amounts being given.

Consideration of how much we are factoring for a target, then tailor the events and fundraising goals.

Tiffany (Treasurer)

Reporting that fundraising not essential for the current 2020/21 budget as it stands for classroom allocations etc... but then we would not have reserves going into next year.

\$10,000 balance currently from Spring Fundraiser for Maple Cares which will help support families over next few months. Still getting direct requests from families as to what they need. Accessing community resources to support families practically with in-kind as opposed to monetary donations as well.

Plan for fundraising for the Fall and then plan to regroup in the Winter to determine what happens with school.

Gina and Joy will work on a family engagement/fundraising event for October/November timeframe To be Determined

Determination that any funds raised by PTSA in the immediate future be “advertised” as being split between PTSA considerations and Maple Cares effort to support Maple Families.
